

MS GetMeasured - Online

If you are bespoke merchant selling apparels online, subscribe to our **MS GetMeasured** to scale your business by getting customers measurement from global audiences. No need to invest time and money to travel to get your customers measurement.

It's easy to integrate our services to place a widget on your website.

Steps to integrate MS GetMeasured - Online

1. ***Sign up*** or subscribe to ***free trial*** at www.mirrorsize.com
 - a. Choose the type of Bespoke merchants that fits your business needs:
 - b. Options: Online / Store/ Mobile app/ None
2. Here you would select "**Online**"
3. Enter your company and contact information data & sign the free trial user license agreement
4. Clicks submit to get started. We'll generate a "MIN "(Merchant Identification number) for you.

Now you've access to your dashboard to manage your account.

Go to "**API**" in the dashbaord

- i) Integrate the widget with the help of documentation provided in the API page
- ii) Please feel free to contact is at info@mirrorsize.com for help

Once your customers clicks the widget:

- They will get an "access code" and notification to download the Mirrorsize mobile app
- A customer enters the access code to get their precise body measurements.

Your customer measurement data will then be displayed on your dashboard to fulfill the order.

Should you need any help, please contact info@mirrorsize.com or contact your Mirrorsize customer service representative.
